20 February 2003

MEMORANDUM FOR RECORD

SUBJECT: [Supplemental 2](#) to the CMTC Army Airspace Command and Control (A2C2) SOP dated 1 April 2002, applicable to all training units concerning Helicopter Flight Coordination Area (HFCA) weather minimums.

1. Reference: CMTC Army Airspace Command and Control (A2C2) SOP dated 1 April 2002.
2. The following modification to the CMTC Army Airspace Command and Control (A2C2) SOP dated 1 April 2002 will be implemented immediately.
3. Under the current A2C2 SOP, an aircraft may operate at 300ft/800m once it leaves the competitive Combat Maneuver Training Center (CMTC) training area. The following change will establish the CMTC weather minimums for the entire HFCA.

ANNEX B, Page B-6, Para 11-b, Weather minimums.

Day Ceiling: 500 Feet
Night Ceiling: 500 Feet

Visibility: 800 meters
Visibility: 1,600 meters

**** CMTC Rotational Units will use these weather minimums while operating in the HFCA.**

4. POC for this action is LTC Hébert, S3 Operations Group, DSN 466-4458/59 or FAX DSN 466-2419 or MAJ McKeivitt, Chief of Operations, Bldg 100 (S3 Operations), DSN 466-2330/2344.
